

# Serving Remotely

Thank you for signing up to provide dinner for our residents. We hope the answers to these FAQs are helpful!

## 1. How do I serve remotely?

- Chose whether you will purchase food and deliver it or order food to be delivered.
- If you are dropping off food, be sure to have it at the IAC (890 E. Vista Way) between 5 and 5:15pm.
- If you are having food delivered, after setting up the order, send the details of the food order to [efauber@solutionsforchange.org](mailto:efauber@solutionsforchange.org).

## 2. How much and what type of food to order?

The week before your dinner date, we will send the exact head count, but you can expect between 10-25 residents to be present. Check out the list below for restaurant ideas. It can be helpful to ask the restaurant for a quantity recommendation based on the number we send you.

All food must come from a licensed kitchen or grocery store already prepared. Frozen food can be purchased and heated at home if it stays in the purchased container (ex. frozen lasagna).

## 3. What do I do after I order the food to be delivered on my dinner date?

Send the order information to [efauber@solutionsforchange.org](mailto:efauber@solutionsforchange.org), so we can provide the RA on date with the details.

## 4. What if the restaurant calls me and the order is delayed?

Please call the RA Phone at (760) 941-6545 x501 and update them on the eta of the food.

## Serving Remotely

### Local Restaurants
