

Solutions for Change

Thank you for your interest in volunteering at Solutions for Change!

We would love to match you up with the volunteer opportunity that works best for you. Solutions for Change's day to day operations rely on our amazing volunteers - they play an integral part in transforming the lives of the families we serve.

Provide and Serve Dinner (All ages)

Every night of the year, we have a volunteer group provide and serve dinner to our newest residents, those in the Intake and Access Center. These residents have been here anywhere from 1 day to 2 months. This is a great opportunity for families (including children) and small groups to interact with our new residents and experience first-hand, the impact serving others has for the 20 – 50 residents (half are children) living here.

Kid Zone Helpers (Ages 14+)

Do you like to work with kids? On the first and third Thursday evening of every month, volunteers provide childcare for our residents' children so that they can participate in mandatory programming meetings or recovery meetings. Volunteers must be 18 or older, or 16 and older if accompanied by a parent or adult advisor.

**Kid Zone volunteers are required to complete an application, short orientation, and background check.*

Quarterly Graduation Childcare (Ages 14+)

Every quarter, we have residents who are ready to commence and graduate from our program, and we are ready to celebrate their tremendous success! Did you know that 93% of Solutions' graduates have not returned to homelessness? We want every one of our residents to have the opportunity to attend Graduation. In order for this to be possible, we are in need of volunteers, to serve in our childcare. Volunteer will be responsible for playing with children ages infant-12 in a group setting. We will be arranging snacks and activities for each age group. If you are interested, please let us know so that we can contact you prior to the next graduation.

Solutions Farm (Ages 16+)

Are you looking for an opportunity to transform lives while improving the environment? We have an exciting opportunity at the Farm to get your hands dirty, literally. Solutions Farms is creating a volunteer auxiliary and we want to add you. Help us help families through volunteering at Solutions Farms while learning about aquaponics, supporting our workforce, and hanging out with some amazing people. If you are you able bodied, demonstrate integrity, and love fish, lettuce, and ladybugs then we would love you to talk to you.

Solutions for Change Volunteer Opportunities Continued

Host A Fundraiser or Donation Drive

Hosting a fundraiser or Donation Drive is a fun way to make a big difference for Solutions for Change families. There are many ways you can raise money; from craft fairs, bake sales, car washes or pledge-a-thons. Donation Drives can bring in much needed supplies for our families, such as bed sheets, cleaning supplies, baby needs or everyday personal items.

Direct Donations:

Like any nonprofit organization, personal financial investments are what keep our programs running. Please let us know if you are interested in donating!

Remote Volunteer Opportunities

Social Media Ambassador

Do you love connecting with people through social media? If so, we invite you to join our volunteer team as a Social Media Ambassador. We are searching for individuals who are passionate about our mission and are both willing and excited to share our story with others. The role of the Social Media Ambassador is simple but crucial to the mission of Solutions for Change, as you help promote brand awareness to a greater community. Ambassadors will receive a detailed packet including resources and helpful tools to maximize their impact and social media presence.

One to One Tutoring

At Solutions for Change, we are in the business of transforming lives. Be a part of that transformation by helping one of our residents succeed academically through virtual one to one tutoring. The help that they gain from tutoring, can help them in their professional journey as they improve their reading and writing skills. Most of our residents have not completed high school and having a tutor can have a significant impact on their career goals.

Collection Champion

Are you looking for ways to maintain social distancing, but still help those in need? Sign up to serve as a Collection Champion. Our Collection Champions will set up a collection box in their neighborhood or housing complex to collect essential items including nonperishable food for the 65 families at Solutions for Change. This role is essential to help us provide food and cleaning supplies for our vulnerable families on campus.

Provide Dinner

Every night of the year, we have a volunteer group provide and serve dinner to our newest residents, those in the Intake and Access Center. These residents have been here anywhere from 1 day to 2 months. Sign up for a night to send dinner through a local restaurant or drop off preordered food like pizza.
