

Why Solutions? Why Now?

Solutions offers parents and individuals the opportunity to rise above their challenges—addiction, domestic abuse, trauma, codependency, chronic unemployment, mental and behavioral health issues—out of dependency and into freedom. Through their transformation, they reunify with their children, gain and retain employment, build their financial savings, secure housing, and live a productive, self-sufficient life.

Making Overcomers and Crushing The Churn

Solutions for Change has empowered more than 4,700 parents and children out of The Churn since 1999. The Churn is what we call the cycle of hardship, temporary relief, and dependency that keeps people stuck in poverty. But through our revolutionary programs that give students the resources to grow in every area of their lives, they break The Churn and escape the cycle.

**Solving family homelessness -
one family, one community at a time.**

Solutions for Change is a 501c3 nonprofit and we are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the Nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status, or national origin.
